## EDUCATION

- |                          |                                                                                                                                                                                                                                    |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| September 2022 – Present | <b>Ewha Womans University</b> <ul style="list-style-type: none"><li>• <i>Ph.D.</i> in Statistics (<i>Advisor: Jae Keun Yoo</i>)<br/>T.A.: Statistics II, Bayesian Statistics &amp; Computing, Mathematical Statistics II</li></ul> |
| March 2017 – August 2022 | <ul style="list-style-type: none"><li>• <i>B.S.</i> in Architectural and Urban Systems Engineering / Statistics</li></ul>                                                                                                          |
| January – June 2025      | <b>University of Toronto</b> <ul style="list-style-type: none"><li>• <i>Exchange student</i> in Mechanical &amp; Industrial Engineering, School of Graduate Studies</li></ul>                                                      |
| January – June 2021      | <b>Karelia University of Applied Sciences</b> <ul style="list-style-type: none"><li>• <i>Exchange student</i> in Construction Engineering / Business</li></ul>                                                                     |

## RESEARCH EXPERIENCES

- |                          |                                                                                                                                                                                                                                                                                                                                                                                            |
|--------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| September 2022 – Present | <b>EWHA Dimension Reduction and Intelligent Learning LAB (EDRIL)</b><br><i>Graduate Research Assistant</i><br>Advisor: <b>Jae Keun Yoo</b> <ul style="list-style-type: none"><li>• Developed Model-based Nonlinear Sufficient Dimension Reduction methods for Functional data</li><li>• Studied Projective Resampling Informative Predictor Subspace for Multivariate Regression</li></ul> |
| January – June 2025      | <b>Sunnybrook Health Sciences Centre</b><br><i>Visiting Research Student</i> <ul style="list-style-type: none"><li>• Investigated Prognostics for Musculoskeletal Health in Prostate Cancer Patients</li></ul>                                                                                                                                                                             |

## PUBLICATIONS

1. **Applications of response dimension reduction in large  $p$ -small  $n$  problems,**  
Minjee Kim & Jae Keun Yoo. 2024, *Communications for Statistical Applications and Methods*, 31, 191-202.
2. **Covariance Projective Resampling Informative Predictor Subspace for Multivariate Regression,**  
Minjee Kim & Jae Keun Yoo, 2025, *Journal of the Korean Statistical Society*, 54, 920-931.
3. **Nonlinear Functional Sufficient Dimension Reduction via Principal Fitted Components,**  
Minjee Kim, Yujin Park, Kyongwon Kim, and Jae Keun Yoo, *Statistics and Computing*, 35, 95.
4. **Dynamic Mortality Prediction for Prostate Cancer based on Irregularly Sampled Multimodal EHR and Musculoskeletal Image-based Biomarkers,**  
Eunseon Seong, Minjee Kim, Dareen Eom, Gyeonghwa Heo, Urban Emmenegger, Saleh Tabatabaei, Tayler Declan Ross, and Michael Hardisty, 2026, *Pacific-Asia Conference on Knowledge Discovery and Data Mining*.
5. **Non-elliptical Dimension Reduction in Survival Regression,**  
Minjee Kim, Minjeong Kim and Jae Keun Yoo, 2026, *Stat.*

## **WORK EXPERIENCES**

- September – December 2020    **NCS Structural Engineering**  
*Intern, Architectural Structural Design Department*
- Assisted in the evaluation of seismic performance and data analysis
- June – August 2019    **Hyundai Engineering & Construction**  
*Intern, Project Management Department*  
Assisted in quantity estimation and data analysis

## **EXTRA CURRICULARS**

- August 2025    • *Best Paper Award at Ewha Womans University*
- September 2021 – August 2022    • *Member of Ewha Statistics Analysis Association*
- *Excellence Prize at National Student Conference from Korea Institute of Construction Engineering and Management*
- *Excellence Prize at Ewha Engineering Capstone Design Contest*
- January – December 2019    • *President of Student Council in Architectural and Urban Systems Engineering*
- March 2017 – February 2019    • *Member of Ewha Awaken Play*
